

## AT Series Coaxial Attenuator

Eyecom coaxial attenuator has low VSWR and low intermod product performance. Suitable for all kinds of engineering applications.

Full range of attenuation and power rating is available.

Part No.	AT-X-5S(N)	AT-X-20N
Frequency Range	DC-6GHz	DC-6GHz
Impedance	50Ω	50Ω
Power Rating*	5W	20W
Attenuation	X=3, 4, 5, 6, 10, 15, 20, 30dB	
VSWR	≤ 1.2 : 1	≤ 1.2 : 1
Operating Temperature	-65~125°C	-65~125°C
Connector	SMA-F/SMA-M, N-F/N-M	N-F/N-M
Length	25mm	115mm
Weight	52g	182g

Eyecom company policy is one of continuing improvement, therefore we reserve the right to change this specification without notice.

\*higher power rating models are available upon request
